TURCO[®] SEAL-SOLV

Date: December 1966

(TURCO 800)**LIQUID SOLVENT COMPOUND****FOR USE IN:**

1. Hand-wipe cleaning operations on wood or metal, prior to painting.
2. Hand-cleaning of zinc chromate covered surfaces, prior to final painting in aircraft industry.
3. Cleanup after the use of paint removers.
4. Removal of light coats of paint primer, grease and oil by hand.
5. Brush cleanup after painting.
6. General hand cleanup operations in paint departments.

DESCRIPTION AND CHARACTERISTICS:

- Easy to use. Easy to apply.
- Requires no after-neutralization.
- Safe on both wood and metal.
- It is completely volatile.
- Leaves no troublesome residues to impair subsequent paint adhesion.
- Turco Seal-Solv is ideal as an after-wipe solvent to neutralize effect of commercial paint removers on wood.

**HOW TO USE
TURCO SEAL-SOLV:**

Turco Seal-Solv is used full strength. Apply to surface to be cleaned or treated, with clean, absorbent rags or cloths. (Protect hands with rubber gloves)

It is unnecessary to rinse surfaces which have been treated with Turco Seal-Solv.

Note: When using Turco Seal-Solv as a paint-brush wash, immerse brushes in a container of Turco Seal-Solv which has a cover. When brushes are immersed in liquid, be sure cover is replaced to prevent evaporation of the solvent.

CAUTION: Contains chlorinated hydrocarbons. Avoid contact with skin, eyes and clothing. Flammable material. Keep away from heat; sparks and open flames. Use with adequate ventilation. Refer to product label for further precautionary information.

The information and recommendations of Turco concerning this product are based upon our laboratory tests and experience and to the best of our knowledge and belief are true and accurate. Since conditions of actual use are beyond our control, any recommendations or suggestions are made without warranty, express or implied.
